PART I – Response to Bidder's Questions

Question 1:

Section II – prequalification Data sheet (PDS)- ITA17.1 deadline for submission of application: we kindly request a four -week extension for the submission to be at November 01,2025 instead of October 01,2025

Response 1:

The deadline for submitting the prequalification application has been extended by two weeks please note the revision to ITA 17.1, which should read as follows:

“The applicants’ submittals must be delivered to WAJ on or before October 15,2025 (PM12:00-Jordan time). Bids will be opened on October 15,2025 (1:00PM Jordan time)

QUESTION 2:

With reference to the instructions provided in the prequalification documents, which state:
"Wherever an Application Form requires an Applicant to state a monetary amount, Applicants should indicate the Euro equivalent using the rate of exchange 30 days prior to prequalification submission as reported by the Central Bank of Jordan.

" In light of the significant fluctuations in the Euro exchange rate during the past five year, we propose the following approach to ensure fair determination based on accurate historical financial data: For annual construction turnover or other financial data: Apply the exchange rate prevailing on the last day of the respective calendar year.

We believe this method provides a more accurate reflection of financial figures as they were at the time of reporting and ensures a fair and consistent basis for evaluation across all applicants.

RESPONSE 2:

Confirmed
